

**Testimony Regarding Support for HB 5283 & SB 229 and
School Construction Funds for Public Charter Schools
March 4, 2022**

Why would the system give to something they don't value?

Cause if you value something you would care for it. If you love something you provide for it.

Pride has blinded many
Power has enticed leaders to do evil.
Do any fear God?

They don't fear God, beliefs that the secret things of the hearts won't be seen.
But we can see clearly by their actions

Greed
Covetousness
Every person who becomes a part of the machine has a choice to make.

If you decide to do nothing about it, you also have made your choice.
My desire is to move your hearts to act in favor of the children. My desire is that we reflect on the choices that we have made and desire to do better. Because, we all have to do better. We all have to become better, better leaders, better teachers, better politicians, better public servants, better managers, supervisors and principals, even better students. We all need to grow and make better choices.

So what do I make of surplus ?

Give it to the children.

Give it to the kids.

You have yours, why do you want what's intended for them? Why are we here disputing something that was intended for them?

You have a choice to make,
Don't release the resources
because of the wickedness of your hearts and whatever other wicked reasons you can conjure up.

Or do release the resources, because it's what's right. Do it because that was what it was intended for. Do it because you care about people.

Equity

2 definitions

1] the quality of being fair and impartial

2] the value of the shares issued by a company

The business men will value the latter

Equality

Definition, the state of being equal, especially in status, rights and opportunity.

The people in the area don't support the leaders who don't support them. Politicians have acquired a bad rep. And here is another example why.

Does that mean we are getting what we deserve?

Why would a system give to something they don't value?
